A1 Cabinet Supplies Pty Ltd

Environmental Policy

A1 Cabinet Supplies Pty Ltd is committed to achieving a clean and healthy environment by providing services and products, and conducting operations and activities that will benefit or at least not cause harm to the environment and be protective of natural resources. Our approach to environmental management seeks continuous improvement in performance with consideration of evolving scientific knowledge and community expectations.

Our objectives are to:

- Comply with all applicable environmental laws, regulations, licenses, standards, and site requirements, and where adequate laws do not exist, adopt and apply standards that reflect the company's commitment to environmental compliance and community expectations;
- Adhere to the principles of sustainable development, pollution prevention and life cycle management;
- Establish measurable objectives, targets and milestones by which we can continuously monitor and improve our environmental performance;
- Communicate openly with all regulatory bodies and stakeholders to ensure the development of an informed and balanced view of our activities;
- Consider environmental factors, energy efficiency, disposal and life cycle costs in our decision-making processes;
- Provide employees with the training, information, resources and responsibilities necessary to achieve environmental objectives and targets;
- Aim to recycle, reuse, recover or reduce waste in all facets of our business;
- Evaluate available technology and processes for waste minimisation and review proper handling and disposal techniques;
- Continuously improve our commitment to environmental management through a process of innovation, review and revision.

All employees are committed to making all A1 Cabinet Supplies workplaces environmentally safe and healthy and to ensure that we achieve statutory compliance and demonstrated due diligence in our corporate responsibility for our environment and stewardship of the earth.

Dean Urquhart
